Colorado Springs, CO 80909

### **Notification: USA Team Handball Talent Identification**

USA Team Handball is the National Governing Body for the sport Handball in the United States. It is a member in good standing with the United States Olympic Committee and the International Handball Federation.

United States will host the 2028 Olympic Games in Los Angeles, California. USA Team Handball has begun the development of a talent identification program for our Women's and Men's National Teams. We are building our teams for the future and are interested identifying American citizens who are playing the sport of handball with European clubs at all ages.

The USA currently has a number of National Team players developing their skills with European clubs. We would like to make contact with more handball athletes who may have an interest in playing at the international level with the USA Team.

Opportunities to compete at the international level:

- Women's North American and Caribbean Championships May 2019
- Women's World Championships December 2019
- Women's Pan American Games 2019
- Men's IHF Emerging Nations Tournament 2019
- Men's Pan American Games 2019
- Men's North American and Caribbean Championships 2020

The USA Team Handball organization is currently transforming its approach to developing handball in the United States, and is looking for talented, enthusiastic athletes interested in helping make our sport great in America.

If you are a Cadet, Youth, Junior, or Senior level player and would like to learn more about opportunities to play handball with the USA, please contact the coaches at the email addresses listed below:

**Christian Latulippe, Women's National Team Coach, at [christian@usateamhandball.org](mailto:christian@usateamhandball.org)**

**Robert Hedin, Men's National Team Coach, at [roberthedin@usateamhandball.org](mailto:roberthedin@usateamhandball.org)**

Note: athletes must hold a USA Passport.
